## ABOUT ME

---

I am an 18-year-old full-time Industrial Informatics student with a strong interest in industrial IT systems, networking, and technical troubleshooting. I am particularly motivated by tasks that require precision, clear structure, and logical thinking. I enjoy working with hardware and software components in industrial environments, assisting in the configuration, maintenance, and smooth operation of systems.

I am open to new technical challenges, eager to develop my skills in industrial networking and system administration, and committed to delivering high-quality work. I consider myself empathetic, reliable, and a strong team player who enjoys supporting others while continuously learning.

## JOB APPLIED FOR

---

**Maintenance and troubleshooting of industrial IT systems**

## WORK EXPERIENCE

---

### *Company*

**City**: Kecskemét | **Country**: Hungary

### **Work Experience**

Although I do not yet have official full-time employment, I have assisted in industrial IT system maintenance and troubleshooting, gaining hands-on experience with:

- Supporting the diagnosis and resolution of hardware and network issues
- Assisting in routine maintenance of industrial IT infrastructure

This experience has strengthened my technical understanding, precision, and problem-solving abilities.

## EDUCATION AND TRAINING

---

[ 2021 – 2026 ]

### **SZC Kandó Kálmán Technikum**

### *Industrial IT Specialist*

**City**: Kecskemét | **Country**: Hungary | **Field(s) of study**: Information and Communication Technologies: • *Information and communication technologies not elsewhere classified* • *Inter-disciplinary programmes and qualifications involving Information and Communication Technologies (ICTs)*

## SKILLS

---

### Communication Skills

Good communication skills developed during project work and practical training.  
| Able to communicate technical information clearly to team members.

### Organisational / Managerial Skills

Experience in organizing tasks and monitoring workflows in small groups. | Responsible time management and precise work habits.
